# Sunny State

Sunny State is all about self-expression and inclusivity. This trend embraces 70's nostalgia with its playful colours and patterns. Including retro florals and shapes.

Palette Dijon

Kimberley Sunflower

The colour palette for this trend is playful and upbeat.

The palette merges pastel shades with zesty tones.

Tones of coral, lilac, and sunshine yellow are key.

# Habitation

Habitation is centred around the desire for a wholesome and ethical life. It has become more important than ever to be more grounded and have a deeper connection to the natural world.

Sloth eco Blackout Rainforest

Poise Mint

Cactus asc eco Olive Green

Hive Dolce Green

Habitation is inspired by simple shapes, botanical repeats and leafy foliage.

The colour palette for this trend is led by earthy tones that are merged with vibrant shades of yellow, greens and blues.

# Sensorial Delight

Sensorial Delight is a culturally rich trend that is inspired by modern India. The trend indulges the senses and gives a fresh take on maximalist style.

Sensorial Delight is led by bold geometric repeats, contemporary patterns, flowing lines and simple silhouettes and traditional motifs.

Alaria Magenta

Algiers asc Azure

The colour palette for this trend is led by soft green and blue tones combined with rich jewel tones of emerald, purples and pinks.

The versatility of the palette offers both calm harmonious and bold clashing colour combinations.

# Golden Hour

This trend focuses on creating an interior space that acts like a comforting cocoon. This noiseless space allows us to withdraw from modern life and reflect.

The Golden Hour design theme is led by off-set motifs, bleached-out florals and balanced geometric shapes.

Balance Lilac

Cactus asc eco Light Oak

The Golden Hour palette focuses on dark summer tones.

It is inspired by the summer sunset and inspires both light and shadow hues.

Key colours for this trend include blue, lilac and yellow.
